Company Profile

CHINT provides profitable growth to customers through out the world by providing them with integrated electrical solutions with true added value. Our proven technology, comprehensive product application and global presence help customers to improve their performances.

Innovation and quality are key values of CHINT , which ensures clients with high standard products and services. We apply skilled and dedicated knowledge and

expertise to develop better products, listening and working closely together with our clients to offer them customized solutions.

CHINT is currently the leading player in the Low-voltage electrical and Power Transmission and Distribution industries in China. Its sales turnover was 3 Billion US dollars by the end of year 2008 and hiring 18,000 employees.

Mr. Cunhui Nan, is the Chairman of the Board & Chief Executive Officer of CHINT Group Corporation, who founded a switch factory - predecessor of present CHINT, with a few partners in 1984. It is considered the very beginning of a development miracle of Wenzhou, where CHINT headquarters is located.

Business Categories

CHINT was founded in July 1984 in Wenzhou by a few local entrepreneurs. In the last 24 years, CHINT has expanded from a home workshop of 7 workers to a leading manufacturer of electrical products specialized in five categories, including Power Transmission & Distribution, Low-voltage Electrics, Electrics for Construction Application, Meters & Instruments and Solar Products.

1 Power Transmission & Distribution

For this division, CHINT provides customers with power transmission & distribution equipments and relative services. The product line is under extension to ultra-high-voltage such as 500kV and 750kV T & D equipment. Rapid development is

undertaken to supply overall solutions for automation system and in the field of complete set technology and also in the field of the design, installation and commissioning ability of power network system. The manufacturing facilities are located in Shanghai, China.

2 Low-voltage Electrics

The business unit of CHINT for low-voltage electrical products, is a leader in power distribution and industrial control industry and is one of the core businesses of CHINT Group. The product lines cover low-voltage electrical products of

circuit breakers, contactors, pushbuttons, switches, transformers, relays capacitors, motor starters, etc. Many of the products have been certified under important international certificates. The manufacturing facilities are located in Wenzhou, China.

3 Electrics for Construction Application

Electrics for Construction Application are for household applications, it is another core business of CHINT. There are four categories, including wiring accessories, lighting, intelligent

devices, etc. On its high standards quality, the products is the top brand the national construction authority recommend to use in the residence constructions. The manufacturing facilities are located in Wenzhou, China.

4 Meters & Instruments

As one of its core business, CHINT is also a specialized supplier of kwh meters, gas meters,

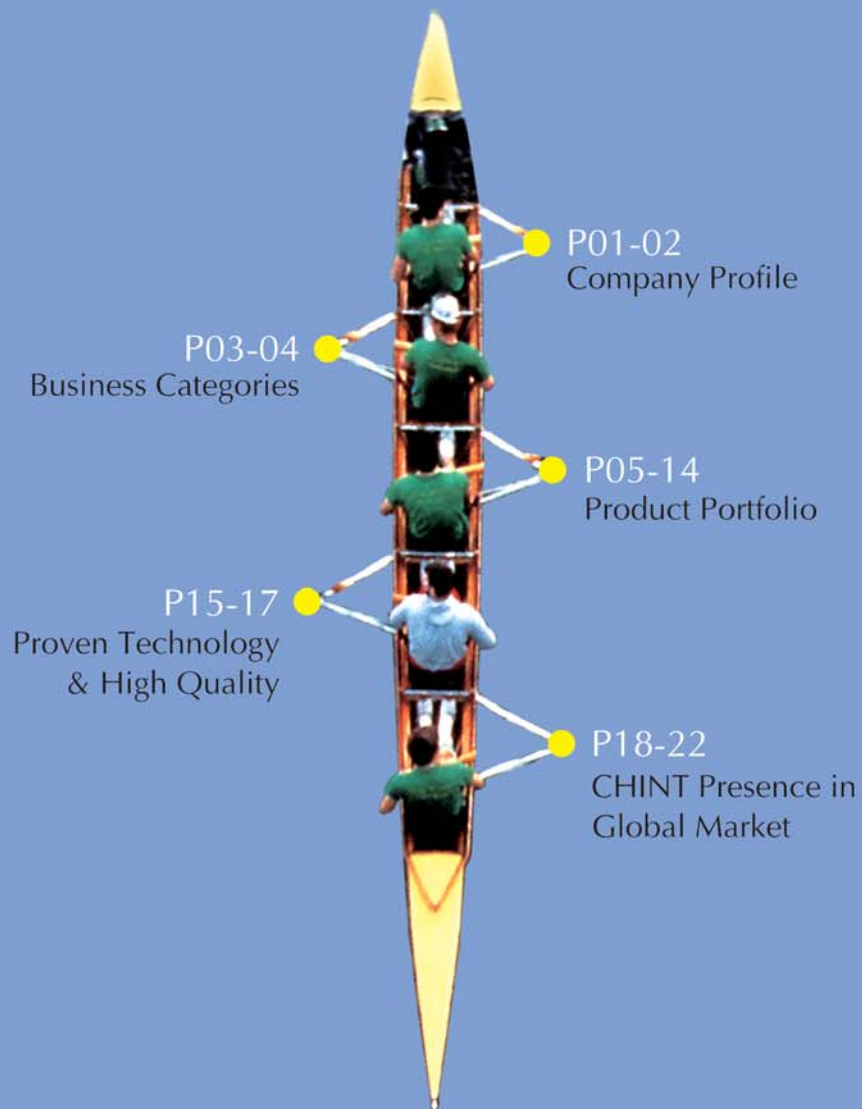

mounting meters, etc. In many of the projects passed strict tests. The manufacturing facilities are located in Wenzhou, China.

5 Solar Products

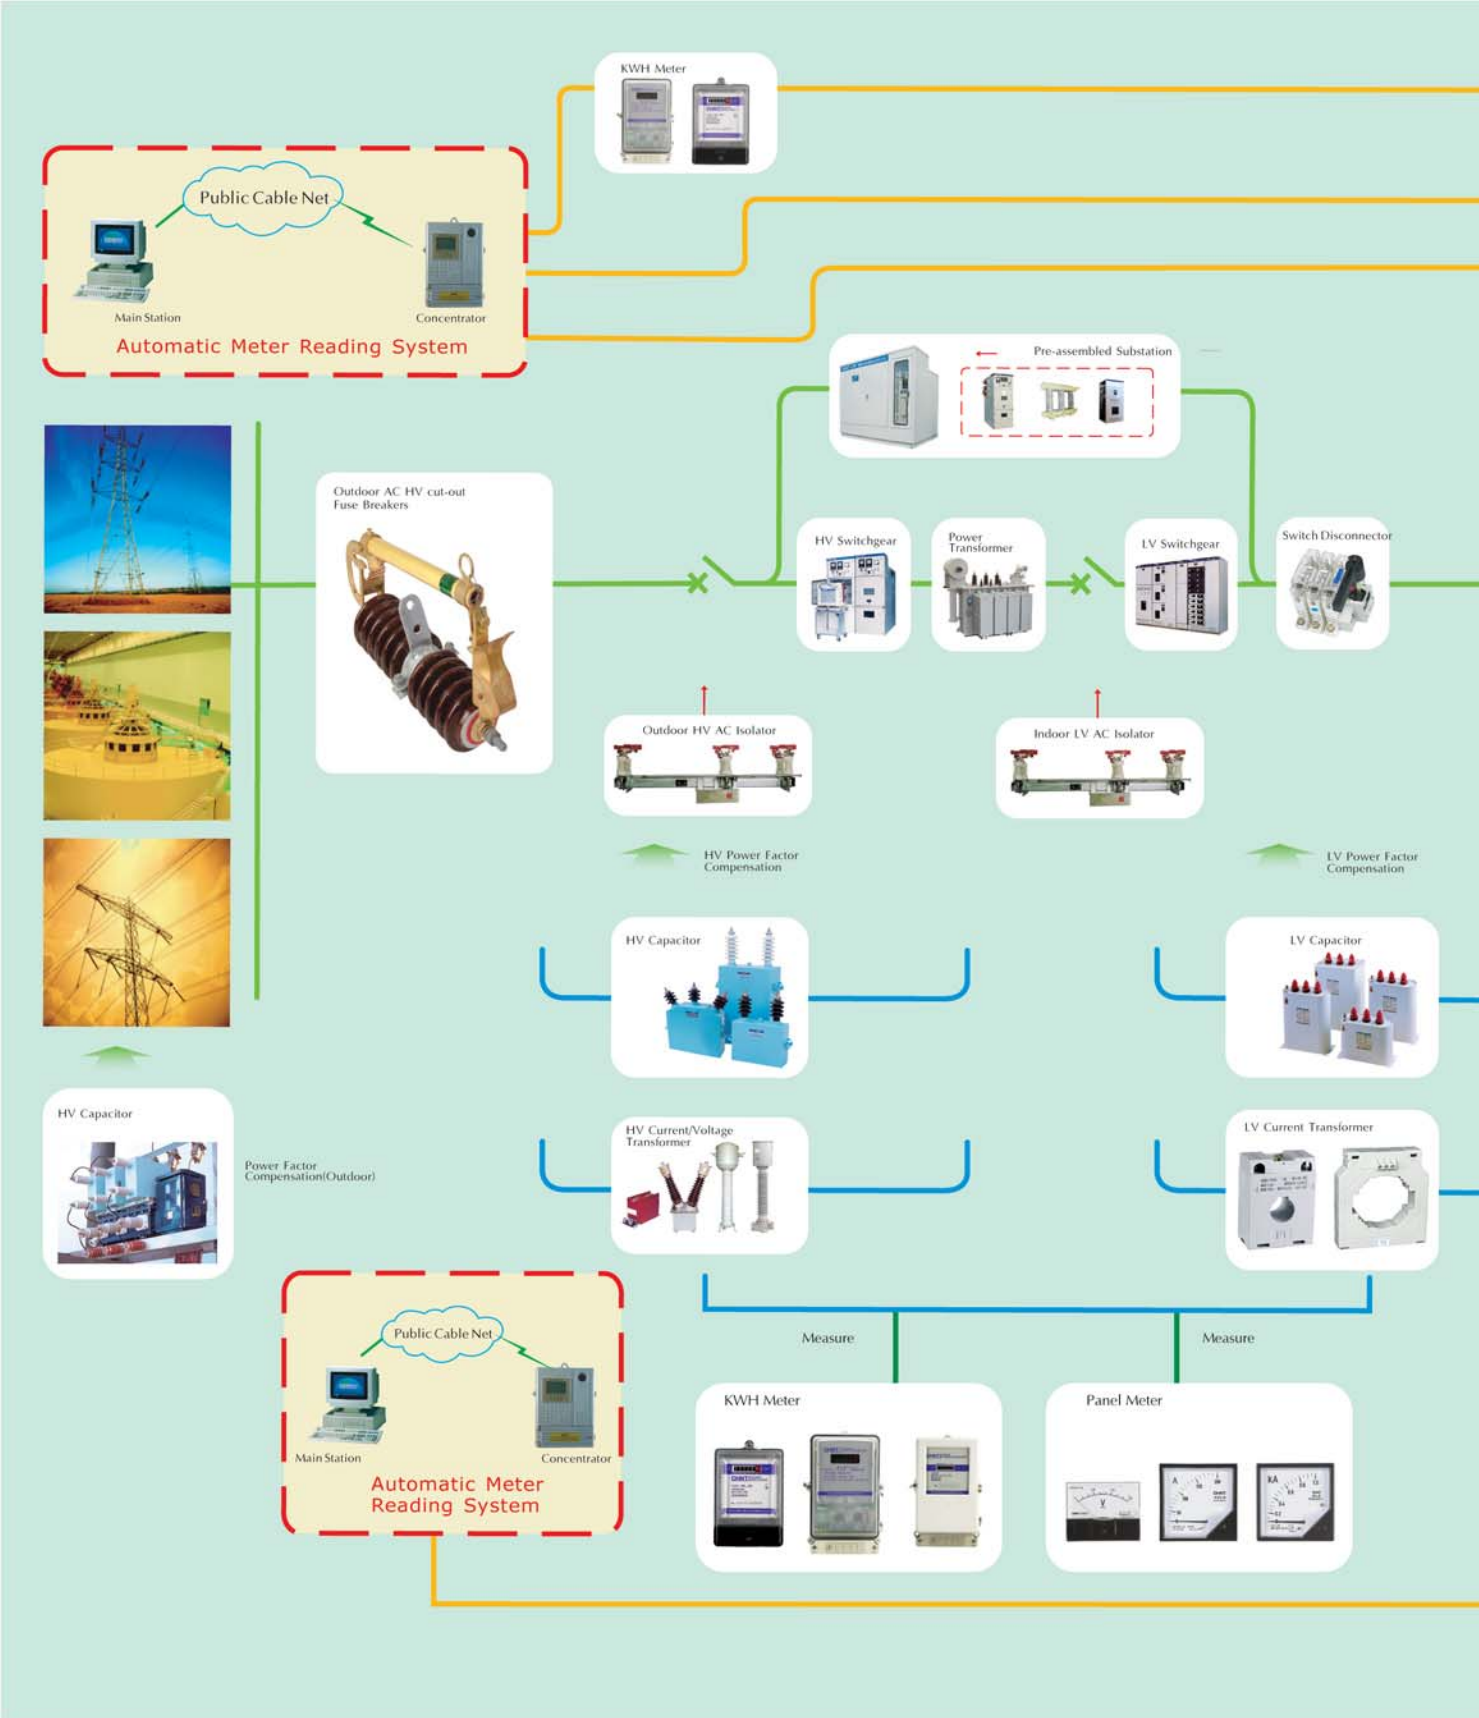

Specialized in research and development, manufacturing of photovoltaic products, this CHINT business is a new extension of CHINT. Its annual production capacity of crystalline Si and

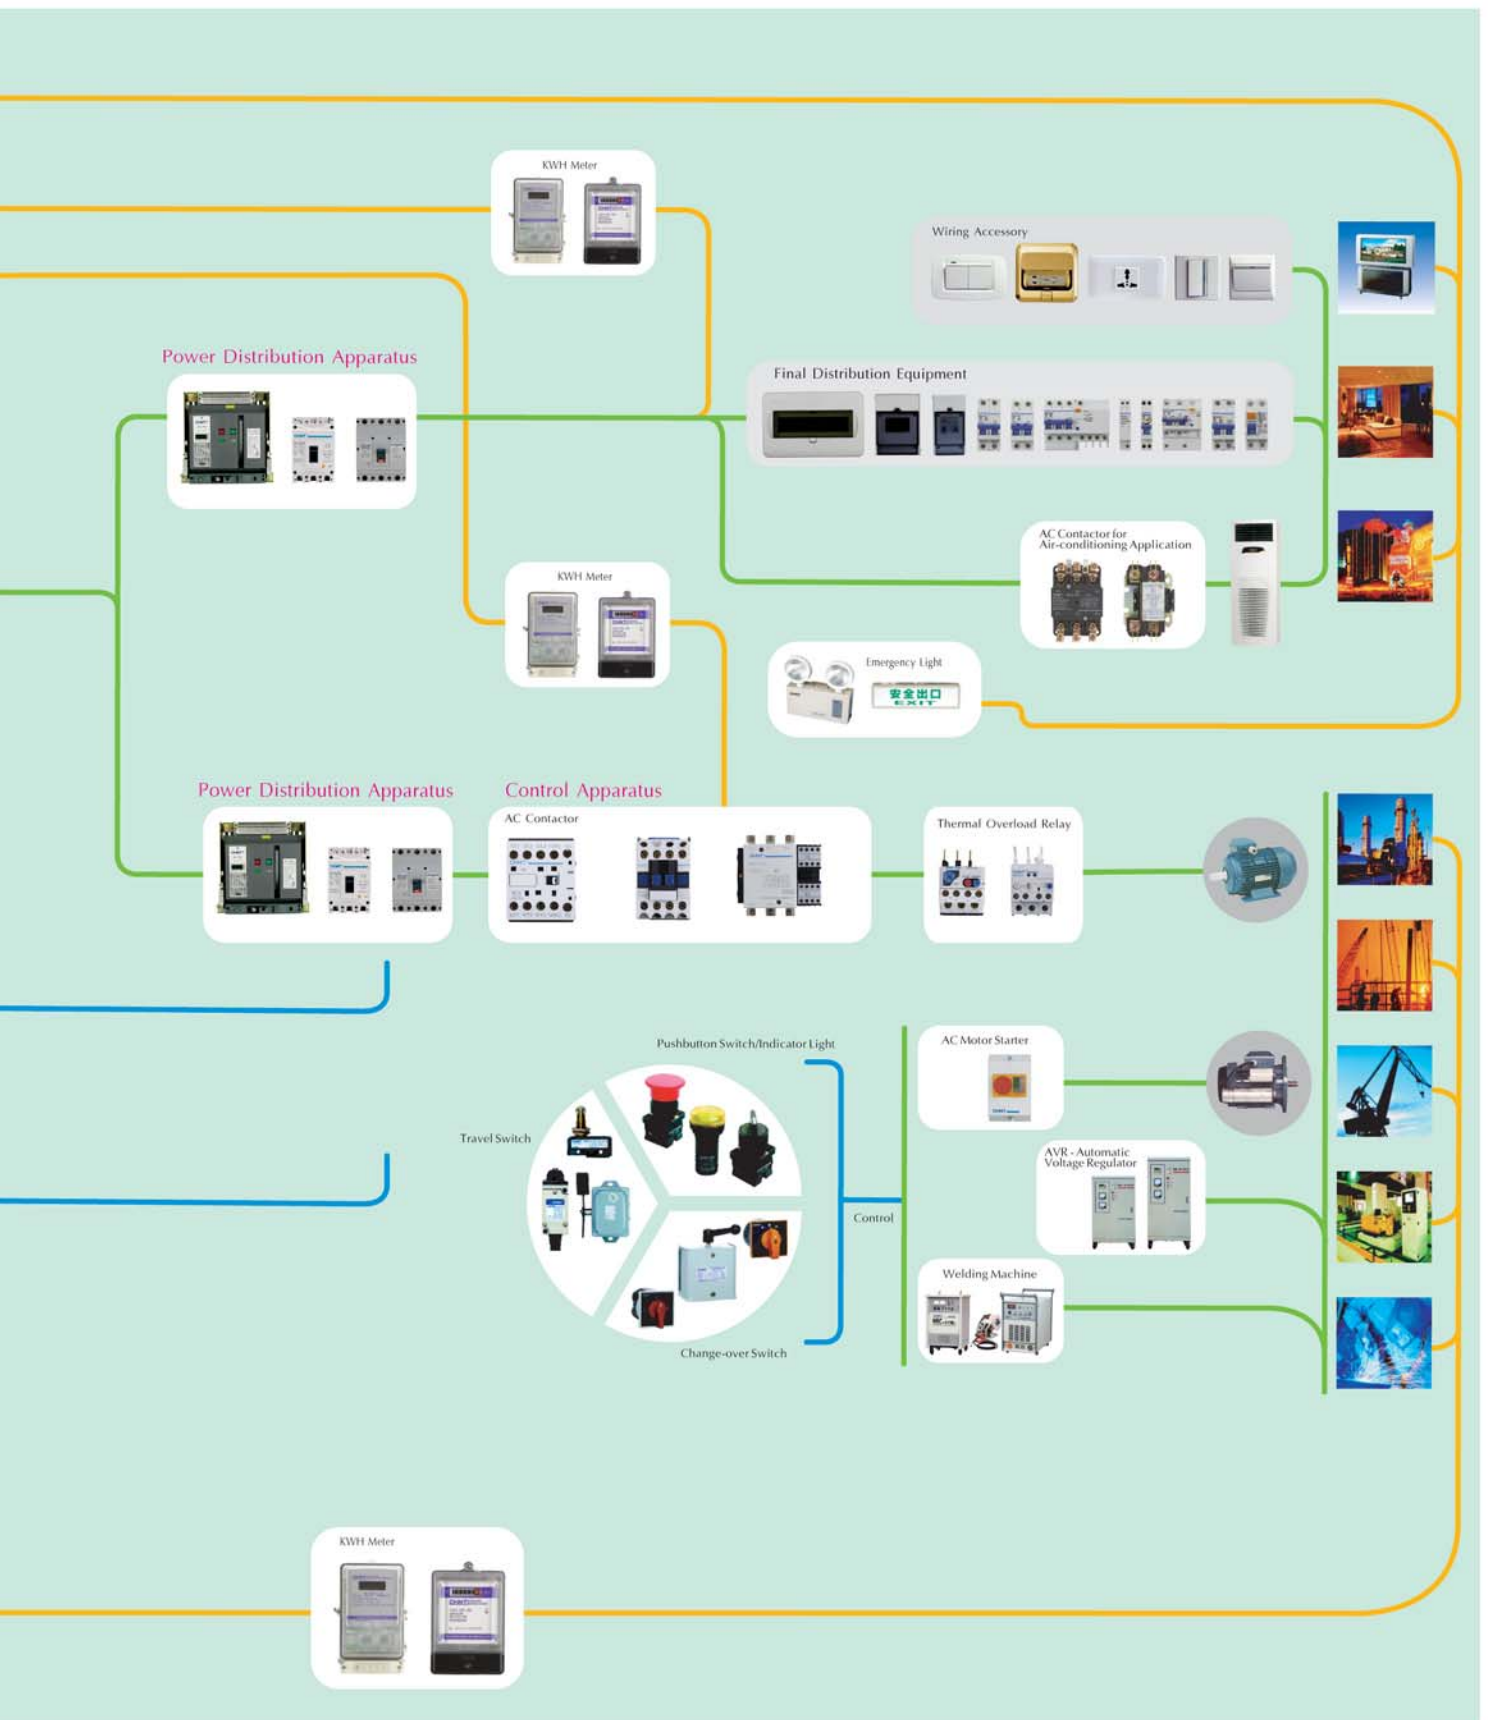

later thin film solar cells, modules, and system is expected to reach 300MW by 2010. The manufacturing facilities are located in Hangzhou, China.

Proven Technology & High Quality

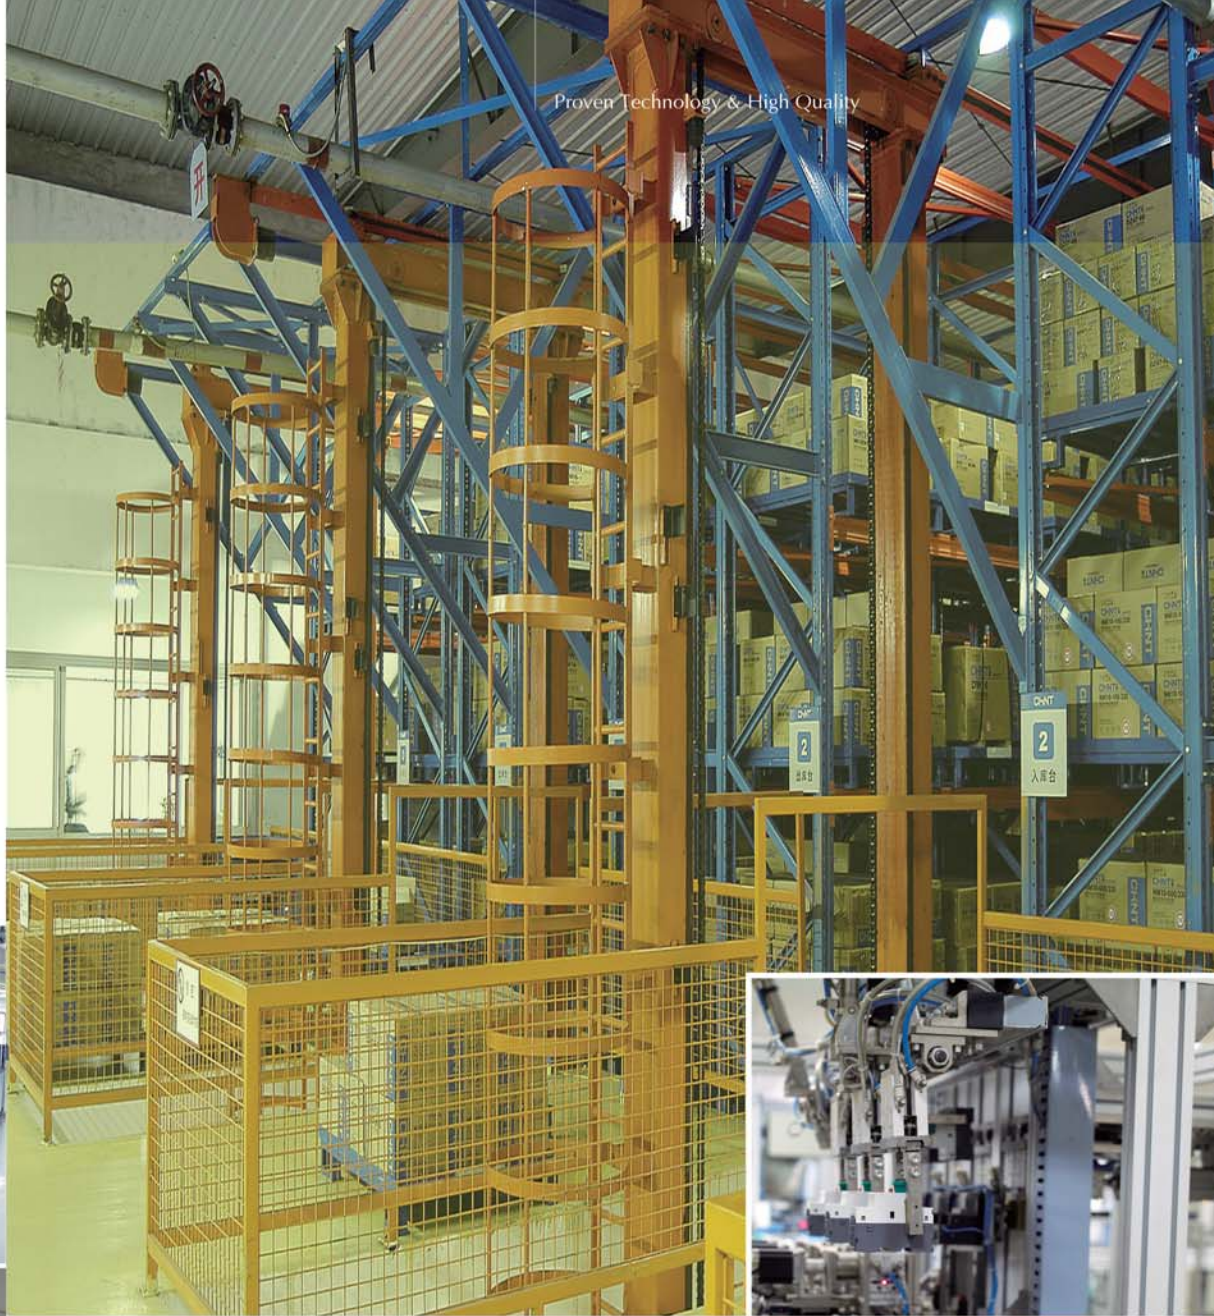

On its proven technology and high quality, CHINT provides reliable and value on money products and services.

Solid Investment in R & D

We believe that strong investment in research and development is key to maintaining our competence and strengthening our market positions, today and in the future.

Our dedicated R & D expertise and engineers work hard to develop state of art technology. Five percent of annual sales revenue is devoted into new products development.

Strict Quality Control

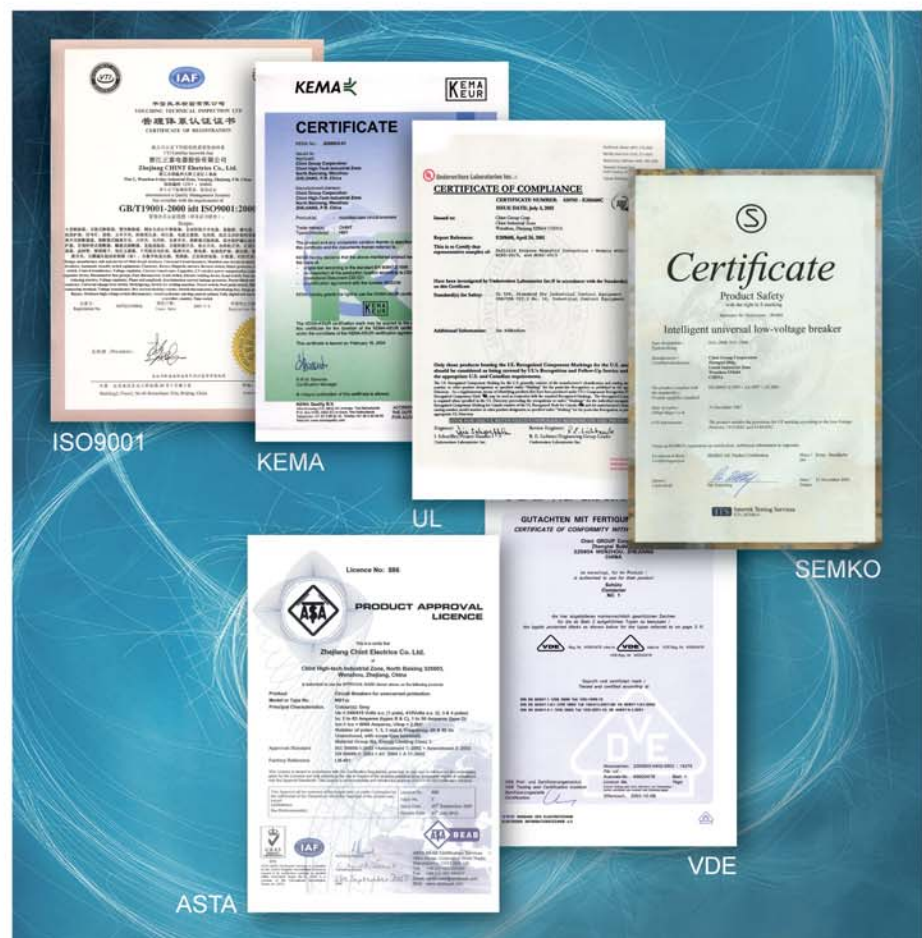

CHINT is pursuing the best working practices to produce high quality products. Standardized management system, systemized quality control measures and strict testing procedures ensure that only the highest quality products find their way to customers around the globe.

International Certificates

Our production facilities have been certified under ISO9001, ISO14001, and OHSAS18001 for many years, and many of products have passed the relevant certificates, such as, CB, UL of U.S.A, KEMA of Holland, SEMKO of Sweden, VDE of German, etc.

CHINT Presence in Global Market

CHINT Presence in China

As the leading Chinese electrical enterprise, CHINT holds a national sales network including 2,000 distributors, providing comprehensive products, solutions and services to customers from various industries such as, big manufacturers, power plants and public utilities, etc.

Major Clients & Projects

- ① Three Gorges Dam – the world's largest hydroelectric project.
- ② The Sports Center, Tianjin – One of the stadiums of Beijing 2008 Olympic Games.
- ③ The capital International Airport - Beijing.
- ④ China Central Television – China's National TV Station.
- ⑤ Bao Steel Group, Shanghai – China's biggest steel enterprise.

CHINT Presence in Overseas Market

Now as a true global player, CHINT has spread its business to more than 70 countries in the world and is committed to clients no matter where they are. The global market sales revenue witnessed a rapid annual growth in recent years.

Local Services

8 regional headquarters and about 40 local agents guarantee stock and delivery almost everywhere. We back this up with a global 24/7 after-sales service.

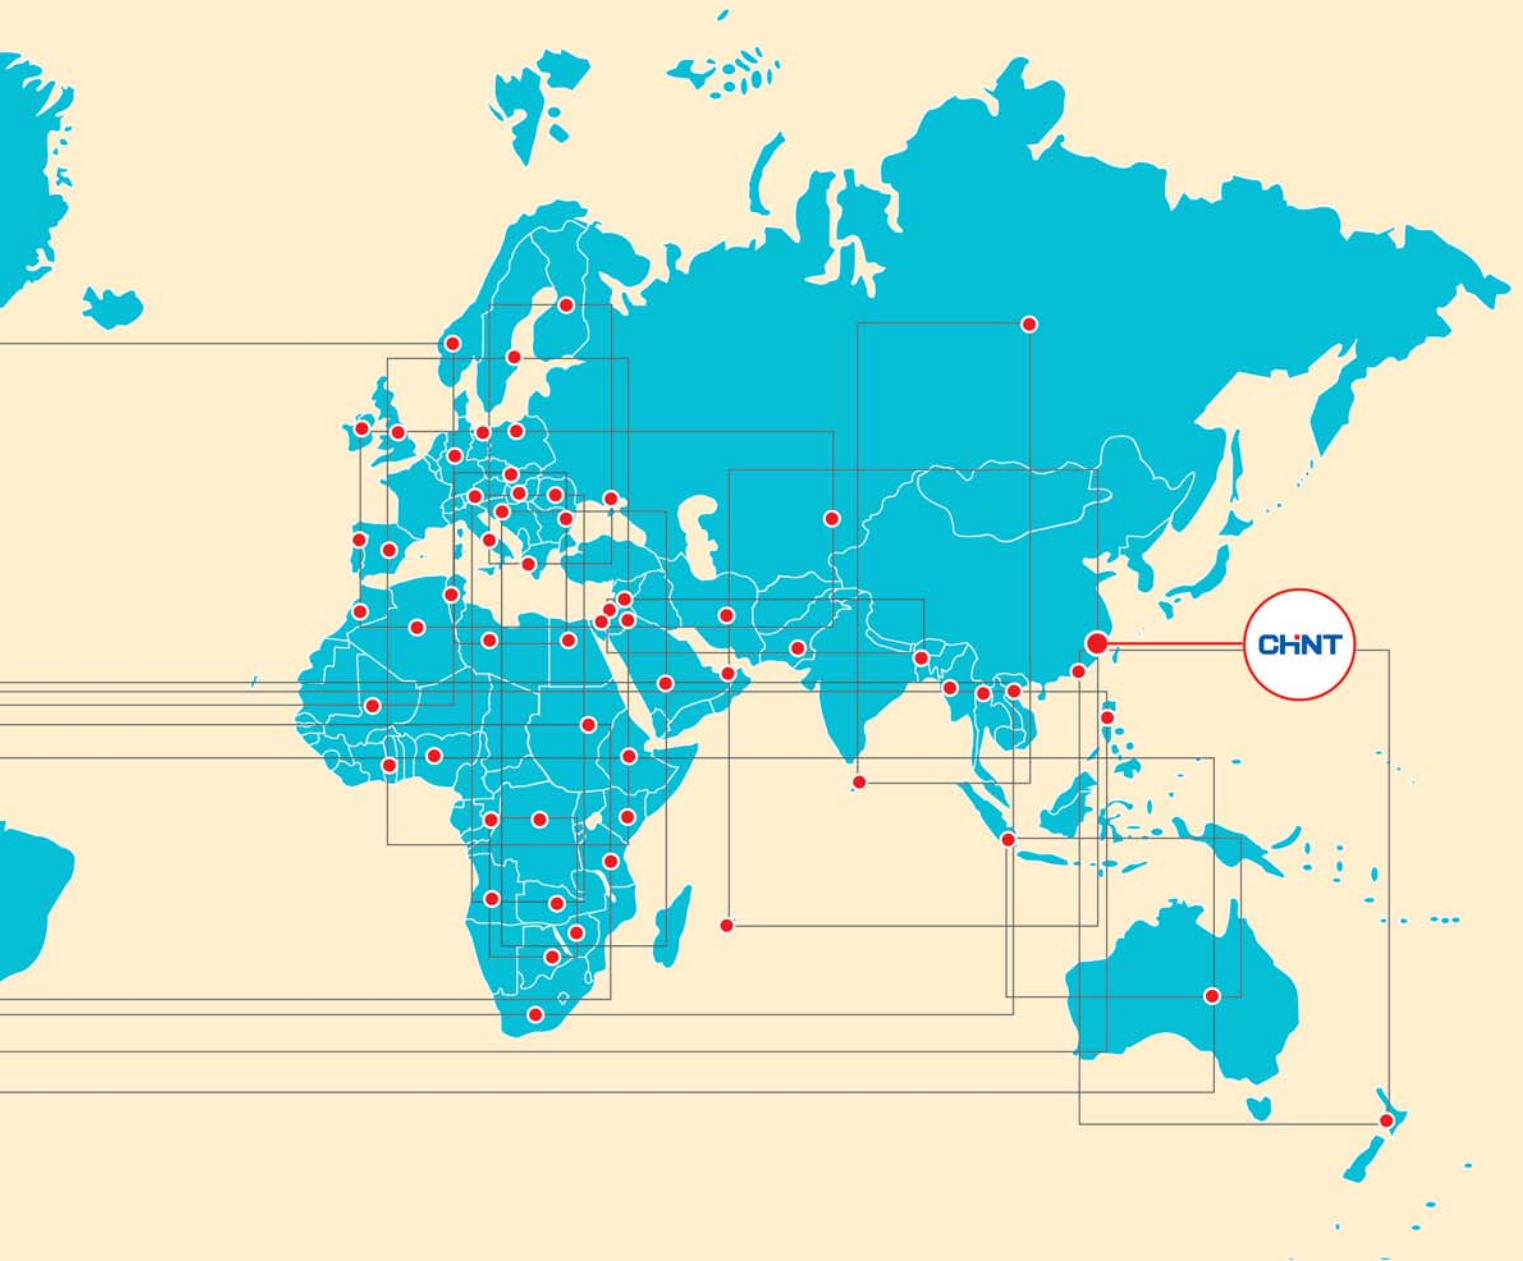

Global Market Promotion

On the great efforts of the channel partners and the efficient implementation of the internationalization strategy, the brand of CHINT is rising in the global market in the terms of its brand awareness and popularity.

- ① Advertisement During Local Water-splashing Festival, Myanmar
- ② CHINT Products Installed in Switchgears, South Africa
- ③ Fairs, Local Agent Participated, Turkey
- ④ Warehouse of the Local Agent, UK
- ⑤ Office of the Local Agent, Indonesia
- ⑥ Seminar Held by Local Agent, Philippine
- ⑦ Sponsorship to National Football Game, Tunisia
- ⑧ Local Agent, Spain
- ⑨ Hanover Messe, Germany
- ⑩ Delegation visit CHINT Headquarters, Bulgaria
